Disciplinary Action

Filing a Complaint
1. Any student, faculty or staff member of MedPrepSouth, LLC may file a complaint with the Student Disciplinary Officer against any student for a violation of the Student Code of Conduct and/or Academic Misconduct policies. The individual(s) initiating the action must complete a Student Complaint Form and forward it directly to the Student Disciplinary Officer or his/her designee.

2. Investigation and Decision
a. Within five business days after the complaint is filed, the Student Disciplinary Officer or his/her designee shall complete a preliminary investigation of the incident, and schedule a meeting with the student against whom the complaint was filed in order to discuss the incident and the charges. In the event that additional time is necessary, the student will be notified. After discussing the complaint with the student, the Student Disciplinary Officer or his/her designee shall determine whether the student is guilty of the alleged conduct, and whether the alleged conduct constitutes a violation of the Student Code of Conduct and/or Academic Misconduct policies. If the student fails to appear at the meeting, he or she will be considered guilty and the appropriate actions will be taken.
b. In the event that a complaint alleges violations by more than one student, each student’s disciplinary proceeding, as well as any appeals relating to that proceeding, shall be conducted individually.
c. If the Student Disciplinary Officer or his/her designee determines that the student is guilty of a violation, he/she shall impose one or more disciplinary sanctions consistent with those described below. If the Student Disciplinary Officer or his/her designee determines that the alleged conduct did not occur, or that the conduct was not a violation, he/she shall not impose any disciplinary sanctions on the student and the investigation shall be closed.

Disciplinary Sanctions
After a determination that a student has violated the Student Code of conduct and/or Academic Misconduct policies, the Student Disciplinary Officer or his/her designee may impose one or more of the following sanctions:

Restitution – A student who has committed an offense against property may be required to reimburse MedPrepSouth, LLC or other owner for damage to or misappropriation of such property. Any such payment in restitution shall be limited to the actual cost of repair or replacement.
Reprimand – A written reprimand may be given any student. Such a reprimand does not restrict the student in any way, but it signifies to the student that he/she is, in effect, being given another chance to conduct himself/herself as a proper member of the MedPrepSouth, LLC community, and that any further violation may result in more serious sanctions.
Disciplinary Probation – Continued enrollment of a student on probation may be conditioned upon adherence to specified terms. Any student placed on probation will be notified of the terms and length of probation in writing. Any conduct determined after due process to be in violation of these terms while on probation may result in the imposition of more serious disciplinary sanctions, as specified by the terms of probation.
Failing or lowered grade – In cases of academic misconduct, the Student Disciplinary Officer or his/her designee will make a recommendation to the instructor to award a failing or lowered grade in the course, a loss of credit on the assignment or examination, and may impose other additional sanctions including suspension or dismissal from the training program.
Disciplinary Expulsion – Removal and exclusion from MedPrepSouth, LLC controlled facilities, programs, events, and activities. A record of the reason for the student’s dismissal is maintained by the Student Disciplinary Officer or his/her designee. Students who have been dismissed from the training program for any reason may apply in writing for reinstatement six (6) months following the expulsion. If approval for reinstatement is granted, students will be placed on disciplinary probation for a specified term. The probationary status may be removed at the end of the specified term at the discretion of the Student Disciplinary Officer or his/her designee.
Interim Disciplinary Suspension – As a general rule, the status of a student accused of violations of the Student Code of Conduct should not be altered until a final determination is made regarding the charges against him/her. However, interim suspension may be imposed upon a finding by the Student Disciplinary Officer or his/her designee that the continued presence of the accused student on campus constitutes a potential or immediate threat to the safety and well-being of the accused student or any other member of the MedPrepSouth, LLC community or its guests, or that the continued presence of the student on campus creates a risk of substantial disruption of classroom- or other MedPrepSouth, LLC related activities.

Violation of Federal, State or Local Law

If a student is convicted or pleads Nolo Contendere to an off-campus violation of federal, state, or local law, but not with any other violation of the Student Code of Conduct, disciplinary action may be taken and sanctions imposed for misconduct that is detrimental to MedPrepSouth, LLC vital interests and stated mission and purpose.

Conditions of Disciplinary Suspension and Expulsion
A student who has been expelled from the MedPrepSouth, LLC shall be denied all privileges afforded a student and shall be required to vacate MedPrepSouth, LLC premises at a time determined by the Student Disciplinary Officer or his/her designee.
In addition, after vacating the MedPrepSouth, LLC premises, a expelled student may not enter upon the MedPrepSouth, LLC premises at any time, for any purpose, in the absence of written permission from the Student Disciplinary Officer or his/her designee. A suspended or expelled student must contact the Student Disciplinary Officer or his/her designee for permission to enter the MedPrepSouth, LLC premises for a limited, specified purpose.
If the student seeks to submit a signed Disciplinary Sanction Appeal Form, the Student Disciplinary Officer or his/her designee must accept the Form by mail or fax if he/she refuses the student’s request to enter the Technical College premises for that specified purpose. A scheduled appeal hearing before the Judicial Body shall be understood as expressed permission from the Student Disciplinary Officer or his/her designee for a student to enter MedPrepSouth, LLC premises for the duration of that hearing.

Mediation
At the discretion of the President, the college may adopt a mediation procedure to utilize prior to the Appeals set forth herein.

Appeals Procedure
A student who wishes to appeal a disciplinary decision by the Student Disciplinary Officer or his/her designee must file a written notice of appeal through the President’s Office for review by a Judicial Committee within five business days of notification of the decision. The student will then have the right to appear in a hearing before a Judicial Committee assigned by the President or his/her designee within 10 business days to present evidence and/or testimony. The student has the right to be assisted by any advisor he/she chooses, at his/her own expense. The student is responsible for presenting his/her own case and, therefore, advisors are not permitted to speak or to participate directly in any hearing before a Judicial Committee. The Committee will consist of one faculty member, one staff member and one student. There shall be a single verbatim record, such as a tape recording, of all hearings before the Judicial Committee. The record shall be the property of the MedPrepSouth, LLC. The Chairperson of the Judicial Committee shall notify the President and the Student Disciplinary Officer in writing of the Judicial Committee’s decision. The President or his/her designee will notify the student in writing of the Committee’s decision. The decision of the Judicial Committee shall be final and binding.
Document Retention
The Student Disciplinary Officer or his/her designee shall retain a copy of all documents concerning complaints, investigations, administrative actions, and communications and final decision in relation to any incident that resulted in a disciplinary investigation of any kind against a student. The Student Disciplinary Officer or his/her designee will also retain records of any disciplinary appeals filed by the affected student, as well as the resulting record of appeal and decision submitted by the Student Judicial Committee. All records specified in this section shall be retained for a period of five years.

After a complaint is received, Ms. Sturdivant will, within 20 business days, conduct a thorough and impartial investigation of the matter, including discussing the issue, in person or by phone, with the student, fellow student, Instructor and/or the staff member involved. If issue cannot be resolved to the student’s satisfaction during this conversation, then Ms. Sturdivant will appoint an independent arbitrator to review the grievance and recommend a solution.

All information collected and parties in the complaint will be kept confidential and all parties to the complaint will be protected from retaliation. All complaints by students, parents of students (under age 18), or prospective students, will be handled free of charge. The complainant is entitled to bring one person only to any and all meetings. The complainant may request an interpreter/translator for all meetings.
